Nurses caring for people and the environment

OAC

OHIO ASTHMA COALITION

Living Well with Asthma

Free Webinar

Presented by

Nurses Environmental Advocacy Team Ohio (NEATO)

and

The Ohio Asthma Coalition (OAC)

February 9, 2012, 4 – 5 pm and

February 24, 2012, 12:30 – 1:30pm

(Both presentations will be live)

Toxic or not? Ohio Air Quality

Featuring: Paul J. Koval, MS

Supervisor, Air Toxics Unit, Ohio Environmental Protection Agency

Mr. Koval will discuss issues related to the Clean Air Act, 1990, and the program through which the Ohio EPA regulates air quality in Ohio. He has supervised the program since 1992 and has overseen many changes in both state and federal ways of maintaining the air we breathe. He will discuss common air pollution elements and how control, monitoring and state level negotiations have improved air quality in Ohio. It is important to note that despite this effort, Ohio air quality is one of the worst in the nation.

- *This activity has been submitted to the Ohio Nurses Association (OBN-001-91) for approval to award contact hours. The Ohio Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.*
